EXPERIENCE

RedBlink Technologies

Dec 2025 – Present

Junior Java Developer

Mohali, India

- Developing **Knolli.ai**, an AI-agent platform, using **Spring Boot**, **Spring AI**, and **REST APIs** for natural-language CRM operations
- Built **RAG pipelines** using Spring AI and **Vespa** for vector search, with isolated knowledge bases for each copilot
- Implemented **MCP (Model Context Protocol)** to connect agents with external tools and expose Knolli.ai tools to other AI systems
- Built a **Salesforce Intelligent Copilot** with a custom **SOQL builder** that converts natural-language queries into account-specific SOQL, fetches Salesforce data, and presents results through an **AI chat**; integrated **HubSpot** and **Crossbeam** for CRM data management

Etasens Technologies

Apr 2025 – Dec 2025

Junior Software Developer

Chandigarh, India

- Contributed to a **digital signage product** for restaurants that dynamically displays menus based on time, location, and scheduling rules
- Built full-stack features using **Spring Boot**, **REST APIs**, and **Angular 17+**, including integration with multiple POS systems such as **PAR**, **Clover**, **Square**, **Oracle**, and **Toast** to fetch real-time menu, pricing, and item availability data
- Developed and integrated **REST APIs** and **MCP-based integrations** to enable communication between POS systems and the digital signage platform
- Improved system reliability and scalability by implementing **ActiveMQ**-based asynchronous communication between services

Dortex AI Pvt Ltd

Jul 2024 – Feb 2025

Junior Software Developer

Mohali, Punjab

- Designed and implemented a **CI/CD pipeline using GitHub Actions**, reducing manual deployment effort and cutting release turnaround time
- Developed scalable **REST APIs** for mobile and web platforms using Spring Boot, integrating **AWS S3**, **EC2**, and **PostgreSQL** for storage, hosting, and data management

PROJECTS

BEDEV Coding Platform | Angular 17, Java, Spring Boot, JPA, MySQL, WebSocket

- Developed a **LeetCode-inspired coding platform** using **Spring Boot**, **JPA**, **MySQL**, **Angular**, and **WebSocket**, supporting code execution, submissions, and real-time competitive features

SKILLS

- **Languages:** Java, C, JavaScript, HTML/CSS
- **Frameworks:** Spring Boot, Spring AI, Angular 17+
- **AI/ML:** RAG pipelines, vector similarity search, LLM-based agents, MCP (Model Context Protocol)
- **Database:** MySQL Server, PostgreSQL, PL/SQL, Redis
- **Developer Tools:** API Development (REST, GraphQL), Linux, Git, Docker, AWS (EC2, S3, EB, RDS), ActiveMQ

EDUCATION

Chandigarh University

Sep 2022 – Jul 2024

Master of Computer Applications (Cloud Computing & DevOps) | CGPA: 7.06/10

Mohali, Punjab

Swami Shri Swaroopanand Saraswati Mahavidyalaya

Jul 2017 – Jul 2020

Bachelor of Computer Applications | Percentage: 72.7%

Bhilai, Chhattisgarh

ACHIEVEMENTS & CERTIFICATIONS

- **TCS CodeVita** – Secured Rank 1970 in an international coding competition
- Version Control with Git
